

MINUTES OF GEOGRAPHY DIVISION STAFF MEETING, 3 December 1959
25X1A9a

PRESENT: [REDACTED]

1. New Building

Space in the new building to be available to each D/GG component was reviewed. In all cases except GG/F, it involves a reduction from that presently occupied.

2. Escape and Evasion Course

The course is now tentatively rescheduled for 19-22 January (a change from 12-15 January).

3. Procedure in Submitting Manuscripts for Review and Editing

When being submitted for review and editing, manuscripts are to be placed in a Remcraft folder, with the report approval sheet and a copy of the project initiation attached.

4. MR 60-1

The following articles were suggested for MR 60-1:

Agriculture in Soviet Central Asia
New Soviet Agricultural Map
Prospects for Hydroelectric Power in Communist China
The Schwedt Oil Refinery and its Relation to the East
German Development Program

5. Miscellaneous

25X1A9a [REDACTED] will follow up with the Branch Chiefs and with OOR the question of adequacy of our present standard distribution lists for G, MR, and GM reports, a question raised by [REDACTED] particularly in connection with GM 59-3. 25X1A9a

The strength of staff to be maintained over the holiday season will be reported later.

25X1A9a [REDACTED] discussed highlights of the Antarctic treaty that was signed yesterday.
